Subject : UNSUB(S)  
DON F. BOLLES - VICTIM (DECEASED)  
REI - LCN

For information, source information disclosed that the possibility existed that victim Don Bolles was killed by Organized Crime figures out of Chicago, namely the Tocco family. (See attached).

Based on this information and recent information from John Harvey Adamson, who advised writer that Bolles was killed through "Mafia" influence, it is suggested that this matter be pursued and a preliminary investigation be conducted to determine the validity of these allegations.

All pertinent information developed will also be reported into Phoenix file 174A-559, which should be closed at this time.

From : SA [REDACTED]

Subject : UNSUB(S);  
DON F. BOLLES - VICTIM (DECEASED)

For information, captioned matter was opened in order to substantiate certain information concerning the murder of captioned victim. Ever since this matter was opened, writer has been in contact with the Arizona Attorney General's Office who is the lead agency in this investigation. [REDACTED] is the primary investigative Attorney for the Arizona AG's office and has advised that his Agency is still investigating this matter on a full time basis. In addition, both he and Arizona Attorney General ROBERT CORBIN have requested the FBI conduct no investigation without their knowledge so as not to impede their investigation and this was agreed upon.

It should be noted that JOHN HARVEY ADAMSON, the individual who was convicted of murder in the killing of BOLLES has been in constant contact with writer and wishes to provide a full and complete statement of the murder of DON F. BOLLES. This has met with resistance by the Arizona AG's Office who feel that ADAMSON has lied about the incident in the past and will lie about it in the future. In addition, the AG's Office advised they will refuse to talk with ADAMSON as long as he has appeals pending before any court concerning his conviction. This decision by the AG's Office has placed the FBI in an awkward position of cooperating with the AG's Office and still maintaining a position of trustworthiness with ADAMSON. ADAMSON has advised that he will continue to file appeals through his attorney before appellate courts concerning his conviction.

From continual contact with [REDACTED] and Investigator JOE KORETSKI, telephone 255-4853, it appears that these individuals are following out leads in this matter and any investigation by the FBI should be supportive in nature only. All investigation is being conducted in Phoenix, Arizona without FBI assistance and it appears that the FBI would serve no useful purpose by remaining in this matter. It is suggested therefore that this matter be no longer investigated by the FBI as long as current investigation is being conducted by the Arizona AG's Office and if information is received that the investigation is not being pursued, the FBI should reenter this investigation.
